Emily,

As follow up to the recent telephone discussions regarding Region 6 UIC state oversight, Phil requested I send the attached to you. Please find attached the 2003 end of year evaluations for each of our state Class II programs and the agenda and *draft* notes created after the 2003 AOR summit with our states. The total file size is approaching our limit for email so if this is an issue call me and I will resend in separate emails. Thanks.
